Karka Saiteja Reddy

karkasaiteja4@gmail.com | 6281847727 | Hyderabad, Telangana, India LinkedIn | GitHub

Summary

Highly motivated B.Tech student specializing in Artificial Intelligence and Machine Learning (AIML), possessing a strong foundational understanding of developing intelligent systems and full-stack applications. Eager to leverage practical project experience in AI/ML and entrepreneurship to contribute to cutting-edge research and development as an AI Intern.

Skills

- **AI/ML:** Artificial Intelligence, Machine Learning, Python
- **Web Frameworks:** FastAPI, React.js, Next.js
- **Databases/Backend:** Firebase, Supabase
- **Concepts:** Full Stack Development, Web Development

Education

Malla Reddy University | Hyderabad, Telangana, India B.Tech in Artificial Intelligence and Machine Learning (AIML) | Expected Graduation: 2027

Experience

Founder | InternLink | Hyderabad, India *Present* * Architected and deployed a full-stack platform (InternLink.in) for connecting students with internship opportunities, utilizing React.js, Next.js, and FastAPI. * Managed the end-to-end product development cycle, from conceptualization and design to deployment and user feedback integration. * Implemented secure user authentication and data management systems with Firebase/Supabase, supporting a growing user base.

Projects

JARVIS OS * Developed a personal AI assistant leveraging Python for voice command processing and task automation. * Integrated natural language processing (NLP) techniques to understand and respond to user queries effectively. * Designed modules for smart home control, information retrieval, and personalized scheduling, showcasing practical AI application.

FormPilot * Engineered a dynamic form generation platform, FormPilot, incorporating intelligent data capture and processing capabilities. * Implemented a FastAPI backend for robust data validation and explored predictive analytics for enhanced form field suggestions. *

Designed intuitive user interfaces with React.js and Next.js, enhancing user experience for data submission and management.
